

FOR IMMEDIATE RELEASE September 10, 2018

PRESS RELEASE

CENTRAL THEATER HAS ASSISTIVE LISTENING DEVICES

WHAT: The Geneseo Park District's Central Theater offers assistive listening devices at no additional charge.

WHY: Central Theater wants to assist moviegoers with hearing and vision impairments. We offer devices to enhance and amplify audio, provide closed captioning, or provide narration of the action on screen.

You may request the following devices at the admission counter:

The Closed Captioning Device is an easy to read digital display.

The Descriptive Narration is a headset featuring adjustable volume control which describes the visual setting and action as it happens on the big screen.

The Assisted Listening Device offers adjustable volume control, with amplified audio of film and sound effects.

In addition, Central Theater is an accessible theater, offering wheelchair seating. Our goal is to make each film enjoyable for everyone.

WHERE: Geneseo Park District's Central Theater
111 North Street, Geneseo

HOW: For more information visit www.GeneseoParkDistrict.org or call (309) 944-3603
