To the Citizens of the Geneseo Park District:

The comprehensive annual financial report of the Geneseo Park District, Illinois (District) for the fiscal year ended December 31, 2020 is hereby submitted as mandated by State Statutes. The District is required to issue annually a report of its financial position and activity presented in conformance with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by an independent firm of certified public accountants. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the District. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The Park District has established a comprehensive set of internal controls that are designed to protect the Park District's assets from loss, theft, or misuse. These internal controls are also used to compile sufficient reliable information for the preparation of the Park District's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the Park District's framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatements. Included with this report are all disclosures necessary to enable the reader to gain the maximum understanding of the Park District's financial affairs.

Generally accepted accounting principles, (GAAP) require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and is meant to be read in conjunction with it. The District's MD&A can be found immediately following the report of the independent auditors.

This report includes all funds of the Geneseo Park District. The District provides a full range of services and facilities. These services include recreation programs for all ages, facility management, capital development, and general administration. Additionally, the District operates a variety of facilities for all ages including a movie theater; fitness center; preschool; spin room; gymnastics room; indoor swimming pool; pickleball & tennis courts; athletic field; gymnasium; racquetball courts; a Memorial Park and an Aquatic Center.

GOVERNMENTAL MISSION, VISION, STRUCTURE, LOCAL ECONOMIC CONDITION, AND OUTLOOK

The Mission of the Geneseo Park District is to enhance the quality of life in our community by providing a positive recreational experience for all.

It is the vision of the Geneseo Park District to provide quality parks and recreational opportunities for the benefit and enrichment of our community today and in the future.

The Geneseo Park District Board works to provide the best possible park and recreation services to our residents and visitors. We have been as a community extremely lucky to have the facilities available where people can play, relax, learn and enjoy. The efforts and dedication made by the past and present staff and board members have made these great facilities possible. It is our hope that we continue to improve the quality of life through our parks and recreation facilities for you. We value your ideas and opinions and strive to serve you.

The Geneseo Park District is a subdivision of the State of Illinois and is organized under the Park District code of the State of Illinois; contributions made to the District are tax deductible as a charitable contribution by the donor. It is its purpose to provide wholesome recreation opportunities that contribute to the Geneseo well-being of all citizens, by establishing and maintaining a comprehensive public park and recreation system. The District was organized in May of 1953 by the vote of its people. The District encompasses some 144 square miles and takes in the City of Geneseo and parts of nine other townships (Hanna, Phoenix, Loraine, Osco, Atkinson, Cornwall, Munson, Edford, and all of Geneseo). It is governed by a Board of 5 elected commissioners who serve 4-year terms.

The District is proud of its record of continuing growth and expansion of services offered to the residents of the District. The growth and reputation of the District are the direct results of individual efforts and close cooperation by the Board of Commissioners and all of our employees. Our future success will depend upon continuation of these efforts, along with good safety habits, and adherence to the highest professional standards and ideals.

FINANCIAL POLICIES

In 2015 the Board directed staff to seek a Bond Rating for the first time in history. Staff went through the Bond Rating procedure with the Moody's Rating Agency and received an A+ GO Bond rating and an A Debt Certificate rating.

LONG-TERM FINANCIAL PLANNING

The District has established cash reserve policies to ensure funds are available for future operating, emergency and cash flow needs. In addition, the District maintains a Capital Asset Replacement Plan (CARP), which represents the current status of the capital replacement needs of the District. This comprehensive program lists all capital assets of the District, their location, original cost, current condition, useful life and replacement cost. This plan is updated annually prior to the budget cycle so that funding for capital replacements can be included in the budget cycle.

MAJOR INITIATIVES

For the Year. In 2020 the Park District maintained 7 full time positions.

2020 Advisory Committee: Jody Newkirk, Joanne Gernant, William Schehl, Marty Golby and Karen Mowers. Chair – Marty Golby appointed in January of 2020. August 2020 – Brent Starkey appointed to Advisory Committee.

The Park District received the Certificate of Achievement for Excellence in Financial Reporting for the ninth consecutive year for the fiscal year end 2018 comprehensive annual financial report (CAFRs).

January 1st the Illinois minimum was increased to \$9.25 hour and on July 1st it was increased to \$10 an hour.

A Free Walking Club for Seniors began on January 7th.

In January, a survey regarding functionality and usage of the Community Center was sent to staff and community as part of the Master Plan Process. The Master Planning committee met to discuss the survey and results.

The Geneseo Park District Leadership Team and Board met on Sunday, March 15th to approve an Emergency Leave Policy. The Community Center was closed from March 17th through June 25th and all part-time employees were laid off due to COVID 19 restrictions. Central Theater was closed on March 17th and did not reopen in 2020. The Aquatic Center did not open during the summer of 2020, but the Splash Pad opened for Free to members and residents and \$2 per non-resident. This closing included all rentals, programs, and special events throughout the time period. Credits on accounts and/or refunds for programs and unused portions of memberships were issued.

The operational and financial impact of COVID-19 combined with the mandated minimum wage increase, led the Leadership Team to thoroughly evaluate each area's revenue loss, guidelines, operations, and budget. Unfortunately, this analysis led the Leadership Team to bring some difficult recommendations to the Board in the best interest of the Park District. The Indoor Pool Desk was closed to create only one entrance to the facility. This had been a topic of conversation for years and an issue even before COVID-19. This helped meet and maintain issued guidelines, allow better tracking of the number of patrons in the facility at any given time, reduce supplies, wages and equipment along with streamlining internal administrative operations. The following positions were eliminated: Day Custodian, Desk Attendants, Operations Coordinator, Building Supervisors, Special Events Coordinator, Babysitters, Aquatics Coordinator, Aquatic Center Manager and Aquatic Center Concession Stand Manager. Community Center Manager positions and a Park District Aquatic Manager position were created that included some of the tasks from all the eliminated positions, along with additional responsibilities. Full-time staff were required to be more hands on. Printing and mailing the Activity Guide was suspended for 2020.

On June 26th the facilities were able to reopen under Phase 4 restrictions.

Geneseo·Park·District¶

541-East-North-Street-| Geneseo, -IL-61254¶ (309)-944-5695-Phone-|-(309)-944-8395-Fax¶ www.GeneseoParkDistrict.org¶

In April and May a new roof was put on Growth and on the lower addition of the Indoor Pool.

Construction of a new 42' x 72' one-story building with a press box began. This new structure replaces the existing building. The space will include an area for Youth Football concessions & equipment storage. The Park District will have space in the building to house Day Camp and also for rentals & free events the Park District Foundation sponsors at the Athletic Field. The cost of the new building is estimated to be approximately \$360,000. The Geneseo Foundation graciously granted \$50,000 to kick off the project with an additional \$50,000 matching opportunity for each dollar raised. Geneseo Youth Football partnered with the Park District Foundation to help raise funds for the project

On November 4, 2020 Governor Pritzker and the Illinois Department of Public Health (IDPH) announced COVID-19 Tier 3 resurgence mitigations be implemented in Region 2—North-Central Illinois—beginning at 12:01 a.m. on Wednesday, November 4, 2020 therefore the Park District had to operate under the Tier 3 mitigations. In November and December, the South waterway was re-shaped and the North waterway was shaped at the Edwards Park property.

The following Facility Updates occurred throughout 2020. LED troffer lights were installed to replace fluorescent troffers in the main entry and hallway, all offices, indoor pool lounge, babysitting room, indoor pool locker room, small meeting room and cardio hallway. The two bathrooms at the Central Theater were remodeled with removal of the old wallpaper, skim coat and painted walls and new floors installed. 14 pieces of cardio equipment that did not require electricity were moved into the Dedrick room and the power racks and free weight equipment were relocated into the existing spin room. The selectorized weight equipment along with treadmills and stair climbers were left in the current cardio/weight room prior to re-opening on June 26th under Phase 4 restrictions. A non-slip tile grip treatment was applied to the men's and women's indoor locker rooms. The application has a life span of approximately 3-5 years. We received a \$250 reimbursement from PDRMA for this remediation. The sauna was sanded down to original wood and re-sealed with danish oil. 20' storage container was purchased for Community Center storage. A community library box sponsored by the Girl Scouts was installed at Anderson Park. An access control system installed at the Indoor Pool entrance.

For the Future. In 2021, the Geneseo Park District's major capital projects will include completing the new building at the Athletic Field. The Geneseo Park District continues to be faced with the challenges that COVID-19 restrictions place on services and programs that the Park can offer and will also be faced with the challenge of the mandated annual increases to minimum wage through 2025.

OTHER INFORMATION

Independent Audit. Illinois Compiled Statutes require an annual audit by independent certified public accountants. The District's Board of Park Commissioners selected the accounting firm of Lauterbach & Amen, LLP, Certified Public Accountants. The auditor's report is included in the financial section of this report.

Affiliations. The Park District is a member of the National Recreation and Park Association (NRPA), the Illinois Association of Park Districts (IAPD), the Illinois Park and Recreation Association (IPRA) and the Geneseo Chamber of Commerce.

Awards. The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Geneseo Park District for its comprehensive annual financial report for the fiscal year ended December 31, 2019. This was the tenth consecutive year that the District has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The Geneseo Park District is an IAPD/IPRA Distinguished Agency.

Acknowledgments. The preparation of the comprehensive annual financial report on a timely basis was made possible by the dedicated service of the entire staff of the District. We would like to express our sincere appreciation for their contributions not only to this report, but also to their commitment of abiding to policies and procedures to ensure the high integrity of the numbers presented in this financial report. We thank the Board of Commissioners for their leadership and support as it related to the financial operations of the District.

Sincerely,

Andy Thurman

Members of the Board of Commissioners Geneseo Park District Geneseo, Illinois

We have audited the accompanying financial statements of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the Geneseo Park District, Illinois, as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the Geneseo Park District, Illinois, as of December 31, 2020, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Geneseo Park District, Illinois May 7, 2021 Page 2

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis as listed in the table of contents and budgetary information reported in the required supplementary information as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Geneseo Park District, Illinois' basic financial statements. The introductory section, other supplementary information, supplemental schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The other supplementary information and supplemental schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the the other supplementary information and supplemental schedules are are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Lauterbach & Amen, LLP
LAUTERBACH & AMEN, LLP

MANAGEMENT'S DISCUSSION AND ANALYSIS

Management's Discussion and Analysis December 31, 2020

Our discussion and analysis of the Geneseo Park District's financial performance provides an overview of the Geneseo Park District's financial activities for the fiscal year ended December 31, 2020. Please read it in conjunction with the Geneseo Park District's transmittal letter which can be found in the introductory section of this report and the District's financial statements, which can be found in the financial section of this report.

FINANCIAL HIGHLIGHTS

- The Geneseo Park District's net position increased as a result of this year's operations. Net position of governmental activities increased by \$696,338, or 8.5 percent.
- During the year, government-wide revenues totaled \$2,457,240, while expenses totaled \$1,760,902, resulting in the increase to net position of \$696,338.
- The Geneseo Park District's net position totaled \$8,912,265 on December 31, 2020, which includes a \$2,840,536 net investment in capital assets, \$3,377,895 subject to external restrictions, and \$2,693,834 in unrestricted net position that may be used to meet the ongoing obligations to citizens and creditors.
- The General Fund reported a surplus this year of \$71,976, resulting in an ending fund balance of \$630,195, an increase of 12.9 percent.
- During the prior fiscal year the business-type activities was closed.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities (which can be found in the financial section of this report) provide information about the activities of the Geneseo Park District as a whole and present a longer-term view of the Geneseo Park District's finances. Fund financial statements found in the financial section of this report. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the Geneseo Park District's operations in more detail than the government-wide statements by providing information about the Geneseo Park District's most significant funds.

Government-Wide Financial Statements

The government-wide financial statements provide readers with a broad overview of the Geneseo Park District's finances, in a matter similar to a private-sector business. The government wide financial statements which can be found in the financial section of this report.

Management's Discussion and Analysis December 31, 2020

USING THIS ANNUAL REPORT - Continued

Government-Wide Financial Statements - Continued

The Statement of Net Position reports information on all of the Geneseo Park District's assets/deferred outflows and liabilities/deferred inflows, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Geneseo Park District is improving or deteriorating. Consideration of other nonfinancial factors, such as changes in the Geneseo Park District's property tax base and the condition of the Geneseo Park District's infrastructure, is needed to assess the overall health of the Geneseo Park District.

The Statement of Activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the Geneseo Park District that are principally supported by taxes and charges for services. The governmental activities of the Geneseo Park District include general government and recreation.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Geneseo Park District, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Geneseo Park District are categorized as governmental funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the Geneseo Park District's near-term financing requirements.

Management's Discussion and Analysis December 31, 2020

USING THIS ANNUAL REPORT – Continued

Fund Financial Statements – Continued

Governmental Funds – Continued

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate the comparison between governmental funds and governmental activities.

The Geneseo Park District maintains nine individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General, Recreational Program, Illinois Municipal Retirement, Debt Service, and Capital Improvements Funds, which are considered major funds. Data from the other four governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The Geneseo Park District adopts an annual appropriated budget for all of the funds. A budgetary comparison schedule for these funds has been provided to demonstrate compliance with this budget.

The basic governmental fund financial statements which can be found in the financial section of this report.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements which can be found in the financial section of this report.

Management's Discussion and Analysis December 31, 2020

USING THIS ANNUAL REPORT - Continued

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the Geneseo Park District's I.M.R.F. employee pension obligations and budgetary comparison schedules for the General Fund and major special revenue funds. Required supplementary information which can be found in the financial section of this report. The combining statements referred to earlier in connection with non-major governmental funds are presented immediately following the required supplementary information on pensions. Combining and individual fund statements and schedules which can be found in the financial section of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of a government's financial position. The following tables show that in the case of the Geneseo Park District, assets/deferred outflows exceeded liabilities/deferred inflows by \$8,912,265.

	Net Position					
	Govern	mental	Busines	s-Type

Management's Discussion and Analysis December 31, 2020

GOVERNMENT-WIDE FINANCIAL ANALYSIS – Continued

A portion of the Geneseo Park District's net position, \$2,840,536 or 31.9 percent, reflects its investment in capital assets (for example, land, construction in progress, building improvements, and equipment), less any related debt used to acquire those assets that is still outstanding. The Geneseo Park District uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Geneseo Park District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion, \$3,377,895 or 37.9 percent, of the Geneseo Park District's net position represents resources that are subject to external restrictions on how they may be used. The remaining 30.2 percent, or \$2,693,834, represents unrestricted net position and may be used to meet the government's ongoing obligations to citizens and creditors.

Net position of the Geneseo Park District's governmental activities increased by 8.5 percent (\$8,215,927 in 2019 compared to \$8,912,265 in 2020). Unrestricted net position, the part of net position that can be used to finance day-to-day operations without constraints, totaled \$2,693,834 at December 31, 2020.

The Geneseo Park District's net investment in capital assets increased in 2020 due to \$503,129 invested in capital assets during the year, offset by depreciation expense of \$276,993. The District also retired \$7,250 of capital assets and \$2,175 of accumulated depreciation. Furthermore, the District retired \$1,056,000 in general obligation park bonds and debt certificates and issued \$889,000 in new debt for the year.

Restricted net position of \$3,377,895 decreased \$107,871, from the prior year, due primarily to decreases in restrictions for special levies.

Management's Discussion and Analysis December 31, 2020

GOVERNMENT-WIDE FINANCIAL ANALYSIS - Continued

Governmental Activities

Revenues for governmental activities totaled \$2,457,240, while the cost of all governmental functions totaled \$1,760,902. This results in a surplus of \$696,338. In 2019, revenues of \$3,043,975 exceeded expenses of \$2,598,357, resulting in a surplus of \$445,618, prior to a transfer in of \$193,030. Property taxes for the year of \$1,421,658 accounted for 57.9 percent of total revenues and charges for services for recreation programs of \$385,933 accounted for 15.7 percent of total revenues.

The following table graphically depicts the major revenue sources of the Geneseo Park District. It depicts very clearly the reliance of property taxes and charges for services to fund governmental activities. It also clearly identifies the less significant percentage the Geneseo Park District receives from operating grants/contributions, replacement taxes, interest income, and miscellaneous.

Revenues by Source - Governmental Activities

Management's Discussion and Analysis December 31, 2020

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the Geneseo Park District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the Geneseo Park District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. In particular, unrestricted fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

The Geneseo Park District's governmental funds reported combining ending fund balances of \$5,744,166, which is \$232,063, higher than the 2019 combining fund balance of \$5,512,103. Of the \$5,744,166 total, \$630,195, or approximately 11.0 percent, of the fund balance constitutes unassigned fund balance.

The General Fund reported a positive change in fund balance for the year of \$71,976 an increase of 12.9 percent. This was due in large part to expenditures for all departments in the General Fund being under budget. Budgeted expenditures totaled \$344,100 while actual expenditures totaled \$256,753. The District worked with all departments to closely review expenditures throughout the year.

At December 31, 2020, unassigned fund balance in the General Fund was \$630,195, which represents 100 percent of the total fund balance of the General Fund. As a measure of the General Fund's liquidity, it may be useful to compare unassigned fund balance to total fund expenditures. Unassigned fund balance in the General Fund represents over 100 percent of total General Fund expenditures.

The fund balance in Recreational Program Fund decreased by \$86,471 due to significant revenue decreases in memberships, admissions, rentals and programs due to COVID-19 and the restrictions imposed by the State of Illinois.

The Illinois Municipal Retirement Fund decreased only slightly by \$5,276 compared to prior year.

The Debt Service Fund paid the 2019 Bond off and increased slightly compared to last year by \$6,435.

In the Capital Improvements Fund the main focus was on the new Athletic Field Building and replacing section of the roof above the Indoor Pool and over Growth. Due to Covid-19 the building was not able to be completed and paid for in 2020, but will instead be completed in 2021. This fund increased by \$358,988.

Management's Discussion and Analysis December 31, 2020

GENERAL FUND BUDGETARY HIGHLIGHTS

The Geneseo Park District Board made no budget amendment to the General Fund during the year. General Fund actual revenues for the year totaled \$328,729, compared to budgeted revenues of \$344,100. There was a (\$15,371) difference in projected revenues versus actual revenues. This change was significantly due to grants and donation, interest, and miscellaneous coming in \$3,600, \$2,988, and \$7,830, respectively, lower that budgeted.

On the other side, expenditures were under budget with \$344,100 budgeted and only \$256,753 spent for a difference of \$87,347. Administration services make up a significant portion of this difference. Specifically personal services difference of \$17,121, contractual services difference of \$50,970, and commodities difference of \$17,576, collectively make up a majority of this difference. Administrative Staff continues to monitor and be as frugal as possible with all indirect and administrative fees associated within this Fund.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The Geneseo Park District's investment in capital assets for its governmental activities as of December 31, 2020 (Unaudited) was \$8,744,106 (net of accumulated depreciation). This investment in capital assets includes land, buildings improvements, furniture and fixtures, and equipment.

	Capital Assets Net of Depreciation		
	2020	2019	
Land Construction In Progress	\$ 652,415 298,454	652,415	
Building Improvements	7,549,361	7,568,549	
Equipment	243,876	302,081	
Totals	8,744,106	8,523,045	

This year's major additions included:

Construction In Progress	\$ 298,454
Building Improvements	176,594
Equipment	28,081
Totals	503,129

Additional information on the Geneseo Park District's capital assets can be found in Note 3 of this report.

Management's Discussion and Analysis December 31, 2020

CAPITAL ASSETS AND DEBT ADMINISTRATION – Continued

Debt Administration

At year-end, the Geneseo Park District had total outstanding debt of \$5,759,000 as compared to \$5,926,000 the previous year, as the result of the Geneseo Park District retiring \$811,000 in general obligation bonds and \$245,000 in debt certificates, offset with issuing \$889,000 in issuances of general obligation bonds. The following is a comparative statement of outstanding debt:

	Long-Term			
	Debt Outstanding 2020 2019			
General Obligation Park Bonds Debt Certificates	\$ 889,000 4,870,000	811,000 5,115,000		
Totals	5,759,000	5,926,000		

State statutes limit the amount of general obligation debt a non-home rule governmental entity may issue to 2.875 percent of its total assessed valuation. The current debt limit for the Geneseo Park District is \$8,369,471.

Additional information on the Geneseo Park District's long-term debt can be found in Note 3 of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

The Geneseo Park District's elected and appointed officials along with professional staff considered many factors when setting the fiscal-year 2021 budget, tax rates, and fees that will be charged for its governmental activities. The two biggest factors were the mandatory minimum wage increase and restrictions due to COVID-19. The District will continue to tightly monitor budgets in light of the current social and economic environment.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the Geneseo Park District's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional information should be directed to the Office of the Superintendent of Finance and Administration, Geneseo Park District, 541 E. North Street, Geneseo, Illinois 61254.

BASIC FINANCIAL STATEMENTS

The basic financial Statements include integrated sets of financial statements as required by the GASB. The sets of statements include:

Government-Wide Financial Statements

Fund Financial Statements

Governmental Funds

In addition, the notes to the financial statements are included to provide information that is essential to a user's understanding of the basic financial statements.

does not require the use of current financial resources and, therefore, are not	
reported as expenditures in the governmental funds.	 3,493
Changes in Net Position of Governmental Activities	 696,338

Notes to the Financial Statements December 31, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Geneseo Park District, Illinois (District) of Illinois is duly organized and existing under the provisions of the laws of the State of Illinois. The District is operating under the provisions of the Park District Code of the State of Illinois approved July 8, 1947 and under all laws amendatory thereto. The District operates under the commissioner-director form of government (an elected Board of seven District commissioners). The District provides a variety of recreational facilities, programs, and services.

The government-wide financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant of the District's accounting policies established in GAAP and used by the District are described below.

REPORTING ENTITY

The District's financial reporting entity comprises the following:

Primary Government: Geneseo Park District

Discretely Presented Component Unit: Geneseo Park District Foundation

In determining the financial reporting entity, the District complies with the provisions of GASB Statement No. 61, "The Financial Reporting Omnibus – an Amendment of GASB Statements No. 14 and No. 34," and includes all component units that have a significant operational or financial relationship with the District.

Discretely Presented Component Unit

Discretely presented component units are separate legal entities that meet the component unit criteria described above but do not meet the criteria for blending.

Foundation

The Geneseo Park District Foundation was founded in 2014 primarily to help raise capital funds for a new Aquatic Center. The Foundation has since broadened its focus to continue to support and promote the mission of the Geneseo Park District. The Foundation's Board is separately appointed. The Foundation is included within the reporting entity since the District has the ability to otherwise access the resources of the Foundation which are entirely held for the benefit of the District, and the resources held by the Foundation are significant to the District. The Foundation was previously reported as an Agency Fund of the District as it did not meet this criteria for discrete presentation in the past. The Foundation issues separate audited financial statements. Copies of those statements can be obtained by contacting the District at 541 E. North Street, Geneseo, Illinois 61254.

Notes to the Financial Statements December 31, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

BASIS OF PRESENTATION

Government-Wide Statements

The District's basic financial statements include both government-wide (reporting the District as a whole) and fund financial statements (reporting the District's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental. The District's preservation of open space, recreational program activities, development and maintenance of the District's various parks and facilities, and general administration are all classified as governmental activities.

In the government-wide Statement of Net Position, the governmental activities is (a) presented on a consolidated basis by, and (b) reported on a full accrual, economic resource basis, which recognizes all long-term assets/deferred outflows and receivables as well as long-term debt/deferred inflows and obligations. The District's net position is reported in three parts: net investment in capital assets; restricted; and unrestricted. The District first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the District's functions (general government, recreation, etc.). The functions are supported by general government revenues (property and personal property replacement taxes, certain intergovernmental revenues, interest income, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, which include 1) changes to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

The net costs (by function) are normally covered by general revenue (property and personal property replacement taxes, charges for services, interest income, etc.).

This government-wide focus is more on the sustainability of the District as an entity and the change in the District's net position resulting from the current year's activities.

Fund Financial Statements

The financial transactions of the District are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets/deferred outflows, liabilities/deferred inflows, fund equity, revenues and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. The emphasis in the fund financial statements is on the major funds as governmental activities category.

Notes to the Financial Statements December 31, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

BASIS OF PRESENTATION - Continued

Fund Financial Statements - Continued

GASB Statement No. 34 sets forth minimum criteria (percentage of the assets/deferred outflows, liabilities/deferred inflows, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. The District electively added funds, as major funds, which either have debt outstanding or a specific or community focus. The nonmajor funds are combined in a single column in the fund financial statements. A fund is considered major if it is the primary operating fund of the District or meets the following criteria:

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of that individual governmental fund or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type; and

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of the individual governmental fund or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

The various funds are reported by generic classification within the financial statements. The following fund types are used by the District:

Governmental Funds

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the District:

General Fund (Corporate Fund) is the general operating fund of the District. It accounts for all revenues and expenditures of the District which are not accounted for in other funds. The General Fund is a major fund.

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The District maintains five special revenue funds. The Recreational Program Fund, a major fund, reports charges for services for recreation programs and property taxes as the major revenue sources and accounts for financial resources of the swimming pools, Community Center, Central Theater, and other programs. The Illinois Municipal Retirement Fund (IMRF) Fund, also a major fund, is used to account for IMRF expenditures and the property taxes specifically levied to fund these expenditures.

Debt Service Funds are used to account for the accumulation of funds for the periodic payment of principal and interest on general long-term debt. The Debt Service Fund (Bond and Interest Fund) is treated as a major fund and accounts for, and the payment of, general long-term debt principal and interest.

Notes to the Financial Statements December 31, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

BASIS OF PRESENTATION - Continued

Fund Financial Statements - Continued

Governmental Funds - Continued

Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities. The District maintains two capital projects funds. The Capital Improvements Fund, a major fund, accounts for all resources used for the acquisition and maintenance of capital assets or the construction of capital projects and related debts.

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

Measurement Focus

On the government-wide Statement of Net Position and the Statement of Activities, governmental activities are presented using the economic resources measurement focus as defined below. In the fund financial statements, the "current financial resources" measurement focus or the "economic resources" measurement focus is used as appropriate.

All governmental funds utilize a "current financial resources" measurement focus. Only current financial assets/deferred outflows and liabilities/deferred inflows are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

Basis of Accounting

In the government-wide Statement of Net Position and Statement of Activities, governmental activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability/deferred inflow is incurred or economic asset used. Revenues, expenses, gains, losses, assets/deferred outflows, and liabilities/deferred inflows resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

Notes to the Financial Statements December 31, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING - Continued

Basis of Accounting - Continued

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when "measurable and available." Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after year end. The District recognizes property taxes when they become both measurable and available in accordance with GASB Codification Section P70. A sixty-day availability period is used for revenue recognition for all other governmental fund revenues. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are recognized when due.

In applying the susceptible to accrual concept under the modified accrual basis, those revenues susceptible to accrual are property taxes, interest revenue, and charges for services. All other revenues are not susceptible to accrual because generally they are not measurable until received in cash.

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY

Cash and Investments

For purpose of the Statement of Net Position, the District's cash and cash equivalents are considered to be cash on hand, demand deposits, and cash with fiscal agent. For the purpose of the proprietary funds' Statement of Cash Flows, cash and cash equivalents are considered to be cash on hand, demand deposits, cash with fiscal agent, and all highly liquid investments with an original maturity of three months or less.

Investments are generally reported at fair value. Short-term investments are reported at cost, which approximates fair value. For investments, the District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. At year-end, the District does not have any investments.

Notes to the Financial Statements December 31, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY - Continued

Interfund Receivables, Payables and Activity

Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers.

Receivables

In the government-wide financial statements, receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. Major receivables balances for governmental activities include property taxes.

Capital Assets

Capital assets purchased or acquired with an original cost of \$5,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at acquisition value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expenses as incurred.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. General capital assets are long-lived assets of the District as a whole. When purchased, such assets are recorded as expenditures in the governmental funds and capitalized. The valuation basis for general capital assets are historical cost, or where historical cost is not available, estimated historical cost based on replacement costs.

Notes to the Financial Statements December 31, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY - Continued

Capital Assets - Continued

Depreciation on all assets is computed and recorded using the straight-line method of depreciation over the following estimated useful lives:

Buildings and Improvements 10 - 50 Years Equipment 5 Years

Deferred Outflows/Inflows of Resources

Deferred outflow/inflow of resources represents an acquisition/reduction of net position that applies to a future period and therefore will not be recognized as an outflow of resources (expense)/inflow of resources (revenue) until that future time.

Compensated Absences

The District accrues accumulated unpaid vacation and associated employee-related costs when earned (or estimated to be earned) by the employee. In accordance with GASB Statement No. 16, no liability is recorded for nonvesting accumulation rights to receive sick pay benefits. However, a liability is recognized for that portion of accumulated sick leave that is estimated to be taken as "terminal leave" prior to retirement.

All vacation pay is accrued when incurred in the government-wide fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Notes to the Financial Statements December 31, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY - Continued

Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as expenses at the time of issuance.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Net Position

In the government-wide financial statements, equity is classified as net position and displayed in three components:

Net Investment in Capital Assets - Consists of capital assets, including restricted capital assets, net of accumulated depreciation, and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted - Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.

Unrestricted - All other net position balances that do not meet the definition of "restricted" or "net investment in capital assets."

Notes to the Financial Statements December 31, 2020

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

BUDGETARY INFORMATION

The Combined Budget and Appropriation Ordinance is prepared in tentative form by the Superintendent of Finance and Administration and is made available by the Board of Commissioners for public inspection 30 days prior to final Board action. A public hearing is held on the tentative budget to obtain taxpayer comments.

Prior to April 1 the appropriations are legally enacted through the passage of a combined budget and appropriation ordinance. All actual expenditures/expenses contained herein have been compared to the annual operating budget. During the year, supplementary appropriations were necessary.

The Board of Commissioners may:

Amend the Budget and Appropriation Ordinance in the same manner as its original enactment.

Transfer between items of any fund not exceeding in the aggregate 10% of the total amount appropriated in such fund.

After six months of the fiscal year, by two-thirds vote, transfer any appropriation item that it anticipates will be unexpended, to any other appropriation item.

The Superintendent of Finance and Administration is authorized to transfer budgeted amounts between line items within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the Board of Commissioners. Expenditures may not legally exceed budgeted appropriations at the fund level. The numbers reflected in this report are the budgeted numbers.

NOTE 3 - DETAIL NOTES ON ALL FUNDS

DEPOSITS AND INVESTMENTS

The District maintains a cash and investment pool that is available for use by all funds. Each fund type's portion of this pool is displayed on the combined balance sheet as "cash and investments." In addition, investments are separately held by several of the District's funds.

Permitted Deposits and Investments - Statutes authorize the District to make deposits/invest in commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, obligations of States and their political subdivisions, credit union shares, repurchase agreements, and commercial paper rated within the three highest classifications by at least two standard rating services.

Notes to the Financial Statements December 31, 2020

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

DEPOSITS AND INVESTMENTS - Continued

Interest Rate Risk, Credit Risk, Concentration Risk, and Custodial Credit Risk

At year-end, the carrying amount of the District's deposits totaled \$6,454,032 and the bank balances totaled \$6,486,877.

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District limits its exposure to interest rate risk by attempting to coincide its investment maturities with projected cash flow needs. The District's investment policy does not further limit interest rate risk.

Concentration of Credit Risk. Concentration of credit risk is the risk of loss attributed to the magnitude of the District's investment in a single issuer. The District's investment policy states that investments shall be undertaken in a manner that seeks to ensure the preservation of capital in the portfolio. Furthermore, to obtain this objective, diversification is required to ensure that any Money Market Fund properly manages market, interest rate, and credit risk. At year-end, the District does not have any investments over 5 percent of the total cash and investment portfolio.

Custodial Credit Risk. In the case of deposits, this is the risk that in the event of a bank failure, the District's deposits may not be returned to it. At December 31, 2020, the entire amount of the bank balance of the deposits was covered by federal depository or equivalent insurance.

For an investment, this is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The District has no investments subject to custodial credit risk.

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. State law limits investments in commercial paper, corporate bonds and mutual funds to the top two ratings issued by nationally recognized statistical rating organizations. The District's investment policy further limits its investments to local government pooled funds-only money market funds, direct United States Treasury obligations, agreements involving United States Treasury obligations, certificates of deposit issued by Illinois financial institutions, Unites States Treasury-only money market mutual funds, and money market funds by Illinois financial institutions.

PROPERTY TAXES

Property taxes for 2019 attach as an enforceable lien on January 1, on property values assessed as of the same date. Taxes are levied by December of the subsequent fiscal year (by passage of a Tax Levy Ordinance). Tax bills are prepared by the County and are payable in two installments, on or about June 30 and September 30. The County collects such taxes and remits them in two fairly equal payments with a third lesser payment of any disputed taxes.

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

NET POSITION/FUND BALANCE

Net Position Classifications

Net investment in capital assets was comprised of the following as of December 31, 2020:

Governmental Activities	
Capital Assets - Net of Accumulated Depreciation	\$ 8,744,106
Less Capital Related Debt:	
General Obligation Park Bonds of 2020	(889,000)
Debt Certificates of 2015	(4,870,000)
Unamortized Premium on Debt Issuance	(144,570)
Net Investment in Capital Assets	2,840,536

Fund Balance Classifications

In the governmental funds financial statements, the District considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The District first utilizes committed, then assigned and then unassigned fund balance when an expenditure is incurred for purposes for which all three unrestricted fund balances are available.

Nonspendable Fund Balance. Consists of resources that cannot be spent because they are either: a) not in a spendable form; or b) legally or contractually required to be maintained intact.

Restricted Fund Balance. Consists of resources that are restricted to specific purposes, that is, when constraints placed on the use of resources are either: a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance. Consists of resources constrained (issuance of an ordinance) to specific purposes by the government itself, using its highest level of decision-making authority, the Board of Commissioners; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or change the constraint.

Notes to the Financial Statements December 31, 2020

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

FUND BALANCE/NET POSITION - Continued

Fund Balance Classifications - Continued

Assigned Fund Balance. Consists of amounts that are constrained by the Board of Commissioners' intent to be used for specific purposes but are neither restricted nor committed. Intent is expressed by a) the Board of Commissioners itself or b) a body or official to which the Board of Commissioners has delegated the authority to assign amounts to be used for specific purposes. The District's highest level of decision-making authority is the Board of Commissioners, who is authorized to assign amounts to a specific purpose.

Unassigned Fund Balance. Consists of residual net resources of a fund that has not been restricted, committed, or assigned within the General Fund and deficit fund balances of other governmental funds.

Minimum Fund Balance Policy. The District's policy manual states that the General Fund should maintain a minimum fund balance equal to 25% of budgeted operating expenditures.

The following is a schedule of fund balance classifications for the governmental funds as of the date of this report:

			Special I	Revenue Illinois		Capital Projects

NOTE 4 - OTHER INFORMATION

RISK MANAGEMENT

Park District Risk Management Agency (PDRMA)

The District is exposed to various risks related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and net income losses. Since 1992, the District has been a member of the Park District Risk Management Agency (PDRMA) Property/Casualty Program, a joint risk management pool of park and forest preserve districts, and special recreation associations through which property, general liability, automobile liability, crime, boiler and machinery, public officials', employment practices liability and workers compensation coverage is provided in excess of specified limits for the members, acting as a single insurable unit. The following table is a summary of the coverage in effect as of January 1, 2020 to January 1, 2021:

		PDRMA Self-

Losses exceeding the per occurrence self-insured and reinsurance limit would be the responsibility of the District

As a member of PDRMA's Property/Casualty Program, the District is represented on the Property/Casualty Program Council and the Membership Assembly and is entitled to one vote on each. The relationship between the District and PDRMA is governed by a contract and by-laws that have been adopted by resolution of the District's governing body.

The District is contractually obligated to make all annual and supplementary contributions to PDRMA, to report claims on a timely basis, cooperate with PDRMA, its claims administrator and attorneys in claims investigations and settlement, and to follow risk management procedures as outlined by PDRMA. Members have a contractual obligation to fund any deficit of PDRMA attributable to a membership year during which they were a member.

PDRMA is responsible for administering the self-insurance program and purchasing excess insurance according to the direction of the Program Council. PDRMA also provides its members with risk management services, including the defense of and settlement of claims, and establishes reasonable and necessary loss reduction and prevention procedures to be followed by the members.

The following represents a summary of PDRMA's Property/Casualty Program balance sheet at December 31, 2019 and the statement of revenues and expenses for the period ending December 31, 2019. The District's portion of the overall equity of the pool is 0.066% or \$32,456.

RISK MANAGEMENT - Continued

Park District Risk Management Agency (PDRMA) - Continued

Assets	\$ 70,609,234
Deferred Outflows of Resources - Pension	2,207,181
Liabilities	23,059,101
Deferred Inflows of Resources - Pension	404,213
Total Net Position	49,353,101
Operating Revenues	19,983,615
Nonoperating Revenues	6,014,647
Expenditures	20,463,511

Since 89.34% of PDRMA's liabilities are reserves for losses and loss adjustment expenses which are based on an actuarial estimate of the ultimate losses incurred, the Member Balances are adjusted annually as more recent loss information becomes available.

Park District Risk Management Agency (PDRMA) Health Program

On June 1, 2001, the District has been a member of the Park District Risk Management Agency (PDRMA) Health Program, a health insurance pool of park districts, special recreation associations, and public service organizations through which medical, vision, dental, life and prescription drug coverages are provided in excess of specified limits for the members, acting as a single insurable unit. The pool purchases excess insurance covering single claims over \$250,000. Until January 1, 2001 the PDRMA Health Program was a separate legal entity formerly known as the Illinois Park Employees Health Network (IPEHN).

Members can choose to provide any combination of coverages available to their employees, and pay premiums accordingly.

As a member of the PDRMA Health Program, the District is represented on the Health Program Council as well as the Membership Assembly and is entitled to one vote on each. The relationship between the member agency and PDRMA Health Program is governed by a contract and by-laws that have been adopted by a resolution of each member's governing body. Members are contractually obligated to make all monthly payments to the PDRMA Health Program and to fund any deficit of the PDRMA Health Program upon dissolution of the pool. They will share in any surplus of the pool based on a decision by the Health Program Council.

The following represents a summary of PDRMA's Health Program balance sheet at December 31, 2019 and the statement of revenues and expenses for the period ending December 31, 2019.

Nonoperating Revenues	2,343,640
Expenditures	36,884,494

A large percentage of PDRMA's liabilities are reserves for losses and loss adjustment expenses, which are based on an actuarial estimate of the ultimate losses incurred.

CONTINGENT LIABILITIES

Litigation

The District is not a defendant in any lawsuits.

Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the District expects such amounts, if any, to be immaterial.

Financial Impact from COVID-19

In March 2020, the World Health Organization declared the COVID-19 virus a public health emergency. As of the date of this report, the extent of the impact of COVID-19 on the District's operations and financial position cannot be determined.

Notes to the Financial Statements December 31, 2020

NOTE 4 - OTHER INFORMATION - Continued

LAND USE RESTRICTIONS

In January 2001, the District entered into an agreement to purchase certain property commonly known as the "Junior High Athletic Field" from the School Board of Geneseo Community Unit School District #228 (School Board). The purchase agreement contains provisions allowing the School Board the continued use of the football field, running track, tennis courts and all related presently existing facilities situated on the premises at no cost to the School Board. The agreement prohibits the use of the property for educational purposes for the grades kindergarten through grade twelve, excepting physical/recreational related programs or structural improvement for the use of the public or other groups or entities not in conflict with the programs of the School Board. The agreement prohibits using the property for commercial or residential use and the construction of improvement over fifty percent of the surface area for a period of fifty years.

INTEREST IN GENESEO PARK DISTRICT FOUNDATION ENDOWMENT - DESIGNATED FUND

As of December 31, 2020, the District has a balance of \$45,855 invested with the Community Foundation of the Great Riverbend (CFGRB). The reported value is the fair market value as of December 31, 2020. In the event that the District ceases operations, the Board of Directors of the CFGRB has the power - in consultation with the District's Board - to redirect the income from the endowment to a government organization providing essentially the same type of services to the community.

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN

Illinois Municipal Retirement Fund (IMRF)

The District contributes to the Illinois Municipal Retirement Fund (IMRF), a defined benefit agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for local governments and school districts in Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole, but not by individual employer. That report may be obtained online at www.imrf.org. The benefits, benefit levels, employee contributions, and employer contributions are governed by Illinois Compiled Statutes (ILCS) and can only be amended by the Illinois General Assembly.

Plan Descriptions

Plan Administration. All hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

Notes to the Financial Statements December 31, 2020

NOTE 4 - OTHER INFORMATION - Continued

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN - Continued

Illinois Municipal Retirement Fund (IMRF) - Continued

Plan Descriptions - Continued

Benefits Provided. IMRF provides two tiers of pension benefits. Employees hired before January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

Plan Membership. As of December 31, 2020, the measurement date, the following employees were covered by the benefit terms:

Inactive Plan Members Currently Receiving Benefits	9
Inactive Plan Members Entitled to but not yet Receiving Benefits	18
Active Plan Members	12
Total	39

Notes to the Financial Statements December 31, 2020

Illinois Municipal Retirement Fund (IMRF) - Continued

Plan Descriptions - Continued

Contributions. As set by statute, the District's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. For the year-ended December 31, 2020, the District's contribution was 4.97% of covered payroll.

Net Pension (Asset). The District's net pension (asset) was measured as of December 31, 2020. The total pension liability used to calculate the net pension (asset) was determined by an actuarial valuation as of that date.

Actuarial Assumptions. The total pension liability was determined by an actuarial valuation performed, as of December 31, 2020, using the following actuarial methods and assumptions:

Actuarial Cost Method	Entry Age
	Normal
Asset Valuation Method	Fair Value
Actuarial Assumptions	
Interest Rate	7.25%
Salary Increases	2.85% to 13.75%
Cost of Living Adjustments	2.25%
Inflation	2.25%

Notes to the Financial Statements December 31, 2020

NOTE 4 - OTHER INFORMATION - Continued

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN - Continued

Illinois Municipal Retirement Fund (IMRF) - Continued

Plan Descriptions - Continued

Actuarial Assumptions - Continued .For nondisabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, and future mortality improvements projected using scale MP-2020. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020.

The long-term expected rate of return on pension plan investments was determined using a buildingblock method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

		Long-Term
		Expected Real
Asset Class	Target	Rate of Return
Fixed Income	28.00%	3.25%
Domestic Equities	37.00%	5.75%
International Equities	18.00%	6.50%
Real Estate	9.00%	5.20%
Blended	7.00%	3.60% - 7.60%
Cash and Cash Equivalents	1.00%	1.85%

Notes to the Financial Statements December 31, 2020

NOTE 4 - OTHER INFORMATION - Continued

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN - Continued

Illinois Municipal Retirement Fund (IMRF) - Continued

Discount Rate

The discount rate used to measure the total pension liability was 7.25%, the same as the prior valuation. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that District contributions will be made at rates equal to the difference between the actuarially determined contribution rates and the member rate. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all project future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability.

Discount Rate Sensitivity

The following is a sensitivity analysis of the net pension (asset) to changes in the discount rate. The table below presents the net pension (asset) of the District calculated using the discount rate as well as what the District's net pension (asset) would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

		Current			
	1% Decrease	1% Decrease Discount Rate 1% l			rease Discount Rate 1% Increase
	(6.25%)	(7.25%)	(8.25%)

NOTE 4 - OTHER INFORMATION - Continued

POST-EMPLOYMENT BENEFITS

The District has evaluated its potential other post-employment benefits liability. Former employees who choose to retain their rights to health insurance through the District are required to pay 100% of the current premium. However, there is minimal participation. As the District provides no explicit benefit, and there is minimal participation, there is no material implicit subsidy to calculate in accordance with GASB Statement No. 75, Accounting and Financial Reporting for Post-Employment Benefits Other Than Pensions. Therefore, the District has not recorded a liability as of December 31, 2020.

DISCRETELY PRESENTED COMPONENT UNIT - GENESEO PARK DISTRICT FOUNDATION

This report contains the Geneseo Park District Foundation (Foundation), which is included as a discretely presented component unit. Financial information is presented as a discrete column in the Statement of Net Position and Statement of Activities.

In addition to the basic financial statements and the preceding notes to the financial statements which apply, the following additional disclosures are considered necessary for a fair presentation.

Basis of Accounting

The financial statements are prepared using the accrual basis of accounting in which revenue is recognized when earned and expenses are recognized when incurred.

In-Kind Donations

Donated services are recognized as in-kind revenues at their estimated fair value when they create or enhance nonfinancial assets or they require specialized skills which would need to be purchased if they were not donated. Contributed services that do not meet the above criteria are not recognized as revenues and are not reported in the accompanying financial statements. The Foundation received services from District employees, which includes grant/sponsorship writing, event fund-raising, and development coordination, a portion of which meets the criteria for recognition. Accordingly, contributions have been recorded for the estimated fair value of these services of \$5,890 for the year ending December 31, 2020. These amounts have been included as donations revenue and management and general expenses of the Statements of Activities. The Foundation also receives donated services from a variety of unpaid volunteers assisting the Foundation in its programs. However, these donated services are not reflected in the Statements of Activities because the criteria for recognition have not been satisfied.

Notes to the Financial Statements December 31, 2020

NOTE 4 – OTHER INFORMATION - Continued

DISCRETELY PRESENTED COMPONENT UNIT - FOUNDATION - Continued

Cash and Investments

At year-end the carrying amount of the Foundation's cash deposits totaled \$2,822,310 and the bank balances totaled \$2,822,310. The entire balance of deposits was fully insured by federal deposit insurance.

Availability and Liquidity

The following represents Foundation's financial assets at December 31, 2020:

Financial Assets at Year End:

Cash and Cash Equivalents \$ 2,822,310

Less Amounts not Available to be used within One Year:

Net Assets with Donor Restrictions 2,352,454

Financial Assets Available to Meet General Expenditures

over the Next Twelve Months 469,856

The Foundation's goal is to generally maintain financial assets to maximize the annual Birdies for Charity Donation, meet the annual debt certificate requirements for the Aquatic Center until 2025 when the funds can be used as an early payoff for the debt certificate, and provide cash flow for the Capital Wishlist items, to sponsor free events at the District, and general operating expenses. As part of its liquidity plan, excess cash will be invested in short term certificates of deposit.

Financial Impact from COVID-19

In March 2020, the World Health Organization declared the COVID-19 virus a public health emergency. As of the date of this report, the extent of the impact of COVID-19 on the Foundation's operations and financial position cannot be determined.

REQUIRED SUPPLEMENTARY INFORMATION

Required supplementary information includes financial information and disclosures that are required by the GASB but are not considered a part of the basic financial statements. Such information includes:

OTHER SUPPLEMENTARY INFORMATION

Other supplementary information includes financial statements and schedules not required by the GASB, nor a part of the basic financial statements, but are presented for purposes of additional analysis.

Such statements and schedules include:

Budgetary Comparison Schedules - Major Governmental Funds

Combining Statements - Nonmajor Governmental Funds

Budgetary Comparison Schedules - Nonmajor Governmental Funds

INDIVIDUAL FUND DESCRIPTIONS

GENERAL FUND

The General Fund is used to account for all financial resources except those required to be accounted for in another fund.

SPECIAL REVENUE FUNDS

The Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than fiduciary funds or capital projects funds) that are legally restricted to expenditure for specified purposes.

Recreational Program Fund

The Recreational Program Fund is used to account for financial resources of the swimming pools, Community Center, Central Theater and other recreation programs.

Illinois Municipal Retirement Fund

The Illinois Municipal Retirement Fund (IMRF) Fund is used to account for IMRF expenditures and the property taxes specifically levied to fund these expenditures.

Audit Fund

The Audit Fund is used to account for audit expenditures and the property taxes specifically levied to fund these expenditures.

Social Security Fund

The Social Security Fund is used to account for social security expenditures and the property taxes specifically levied to fund these expenditures.

Liability Insurance Fund

The Liability Insurance Fund is used to account for liability insurance expenditures and the property taxes specifically levied to fund these expenditures.

INDIVIDUAL FUND DESCRIPTIONS

DEBT SERVICE FUND

The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

CAPITAL PROJECTS FUNDS

The Capital Projects Funds are used to account for all financial resources used for the acquisition or construction of major capital facilities, equipment and capital asset replacement.

Capital Improvements Fund

The Capital Improvements Fund is used to account for all resources used for the acquisition and maintenance of capital assets or the construction of capital projects and related debts.

Day Care Improvements Fund

The Day Care Improvements Fund is used to account for all resources used for the acquisition of capital assets or the construction of capital projects and related debts related to the east wing of the Community Center.

STATISTICAL SECTION (Unaudited)

This part of the comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the District's overall financial health.

Financial Trends

These schedules contain trend information to help the reader understand how the District's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the District's most significant local revenue sources.

Debt Capacity

These schedules present information to help the reader assess the affordability of the District's current levels of outstanding debt and the government's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs.

Net Position by Component - Last Ten Fiscal Years* December 31, 2020 (Unaudited)
