**STRENGTHS AND CHALLENGES OF
RAISING YOUNG CHILDREN IN RURAL COMMUNITIES:
A DISCUSSION WITH PARENTS & EARLY CARE PROVIDERS**

**WEDNESDAY APRIL 5, 2023
6:00 – 7:30 PM
AT THE CENTER**

This discussion is a chance for parents & caregivers to voice challenges and concerns they have faced finding childcare and accessing early childhood services specific to Geneseo and surrounding areas. This is a chance for your voice to be heard regarding the strengths and needs of parents and early care providers in rural communities. The information shared in this discussion will be collected as part of a regional scan. The goal of Birth to Five Illinois is to amplify input from parents, providers, and communities in the development of policies and funding priorities for early childhood services specific to our region. An incentive will be given to all those that attend as appreciation for sharing your time and feedback with us.
